Reduced Mortgage Payment for The First 2 Years With The 2-1 Buydown

The temporary buydown program is typically funded by the seller or builder and does not involve any additional costs for the borrower. With the 1-1 Buydown, your mortgage payments are based on an interest rate that is 1% lower than the fixed rate for the first year of the loan and 1% lower again for the second year.

Let's explore how this temporary buydown could make homeownership more accessible and affordable for you by examining the following loan scenario.

***This buydown incentive is offered at the sole discretion of the builder and may be subject to terms, conditions, and availability. Contact us for additional details.

Year	Payment Interest Rate	Standard Monthly Payment**	Temporary Monthly Payment	Monthly Subsidy	Number of Payments	Annual savings
